Rc.No.20879/A1/48 dated 4-10-48.

Sir,

Sub:- ~~xxxxxxxx~~ Elections - Central Board of Indian Medicine - Conduct of

Ref:- (1) G.O.No.3414 Public Health dated 30-7-48 as amended subsequently.
(2) G.O.No.Ms. 1547 Public Health dated 11-5-48.
(3) G.O.No.Ms. 2596 Public Health dated 29-7-48.

I have the honour to state that the final orders of Government revising the present Constitution of the Central Board of Indian Medicine issued in the Government Orders cited (2) and (3) above, was placed before the Board, at its recent meeting held on 27-9-48. The Board after discussion the same passed the following resolution.

"In recording the G.O.No.Ms.1547 Public Health dated 11-5-48 as subsequently amended, the Board regrets to note that most of its recommendations made from time to time, do not find a place and therefore requests the Government to reconsider their orders."

While communicating the above resolution I have to state that the Board stressed that in the Constitution as revised now, by Government, no separate seats have been alloted to Unani Practitioners, Woman Medical Practitioners and Harijan Practitioners of Indian Medicine as already recommended by the Board in its resolution passed at the meeting held in December '45. This resolution was communicated to Government in this office letter Rc.No.8206-CB1/46 dated 17-4-46 on which Government have passed orders from time to time regarding the Constitution of the Central Board of Indian Medicine.

In view of the opinion now expressed by the Board, as per its resolution referred to above, I request Government to pass early orders, so that they ~~same~~ may be again placed before the Board for consideration and for fixing of the dates for the elections as required in rule 10(17) of the rules appended to G.O.3414 Public Health dated 30-7-48.

In issuing the final orders revising the Constitution, the Government were aware of the intentions of the Central Board of Indian Medicine and it is presumed that the nominated seats were increased from one provided in G.O. No. 2827 Public Health dated 19-8-47 to 3 in the final G.O.No.1547 Public Health dated 11-5-48 with a view to provide by nomination, if necessary, representation to such class or community of practitioners.
